2000

Dear Sir:

This Amendment and Remarks are responsive to the Office Action dated 24 June, 1997.

IN THE CLAIMS:

1. (Amended) A method for providing a user with access to selected ones of a plurality of target objects [and target object characteristics] that are accessible via an electronic storage media, where said users are connected via user terminals and bidirectional data communication connections to a target server system which includes said electronic storage media, said method comprising the steps of:

5 automatically generating target profiles for target objects [and sets of target object characteristics] that are stored in said electronic storage media, each of said target
